Pleasanton, CA 94566

**Re: McLarney Construction, Inc. - Letter of Reference**

Mr. Grygo (and Intelligent Tech Team):

Thank you for all your hard work and efforts in completing the **Live Ops** project. Intelligent Tech was released late, but prevailed in the end and completed its work on schedule. Your teams worked well with the other trades, and you personally saw fit to make certain the project was a success.

The tremendous amount of pre-testing performed was obvious during the Fire Marshal's inspections. During the inspection process there were no failures with the fire alarm testing. The numerous smoke dampers and HVAC shutdowns, including elevator recall, could have been stumbling blocks for you, but were not. My site supervisor (Joel Grahman) and the Fire Department commented on Intelligent Tech's expertise and job performance and both expressed appreciation for not wasting their time.

Thanks again for a job well done.

**McLARNEY CONSTRUCTION, INC.**
