

Assistant Service Technician

About us: Intelli-tech, specialists in fire systems since 1990, protects people and valuable customer assets. We are looking for Assistant Service Technicians (troubleshooting / inspection types). We provide technical support for customers in the East Bay, San Francisco, Sacramento region for Fire Alarm / Fire Suppression Systems.

We are looking for Service Technicians Assistants to work with our Senior Service Technicians.

This is an entry level opportunity to learn about fire alarm and clean agent systems. If you enjoy electronics this is a good career path for you. Intelli-tech offers a competitive compensation package that includes a bonus program, medical, dental and prescription benefit package, vision plan, company paid life insurance, 401K program with company match, paid holidays, paid time off.

Job Description: In this full time role, you will join our Service Team testing and inspecting fire alarm / fire suppression systems at various customer locations. You will work with an experienced Service Technician who will identify system problems, and report findings. This job visits multiple customers each week, delivering customer satisfaction while working safely. We look for those with a professional attitude who can deliver outstanding customer service. Team players who pay attention to detail are great traits to have for this role.

Technician Assistants at Intelli-tech will:

- Work alongside experienced service technicians.
- Help perform system checks.
- Learn how to troubleshoot fire alarm systems.
- Will gain knowledge of fire alarm, clean agent systems, and fire suppression systems with a goal of becoming a Service Technician with a Company Truck.

Required: High School Diploma or General Educational Development Diploma (GED). Valid drivers license with a clean driving record. Comfortable using computers such as emailing and navigating windows.

Preferred: Must possess the following in order to perform the functions of the job: be dependable, follow direction, able to work with tools, ladders, follow safety guidelines, be able to lift up to 40 pounds.

Job Type: Full-time
