

Service Technician

About us: Intelli-tech, specialists in fire systems since 1990, protects people and valuable customer assets. We are looking for Service Technicians (troubleshooting / inspection types). We provide technical support for customers in the East Bay, San Francisco and Sacramento region for Fire Alarm / Fire Suppression Systems. Sign on bonus for experienced fire alarm technicians! Intelli-tech offers a competitive compensation package that includes a bonus program, medical, dental and prescription benefit package, vision plan, company paid life insurance, 401K program with company match, paid holidays, paid time off.

Job Description: In this full time role you will join our Service Team testing, inspecting and repairing fire alarm / fire suppression systems at various customer locations.

You will identify system problems, and report findings.

This job visits multiple customers each week, your goal is to create timely reports, deliver customer satisfaction, and to work safely.

Requirements: High school diploma or General Educational Development Diploma (GED). Valid drivers license with clean driving record. Minimum two years technician experience in the fire industry or equivalent. Comfortable using computers such as emailing and navigating windows. Must be dependable, able to work with tools, ladders, follow safety guidelines, be able to lift up to 40 pounds.

Preferred:

We look for those with a professional attitude who can deliver outstanding customer service. Team players who pay attention to detail are great traits to have for this role. Knowledge of fire codes is a plus.

Job Type: Full-time
